There will not be a man lost on the Republican ticket in this county.

S. L. Fairbanks, of the Mint, won the oil paintings raffled off at Sweeney's saloon last night.

John Bowen, a San Francisco waiter, was stabbed to death yesterday by F. Beck in a dispute over a ten cent drink.

A new water main is being laid along the street on which Senator Stewart's house fronts. It is being put a foot lower than the old one.

Miss Mabel French has been compelled to resign her position as teacher at Glenbrook on account of ill health. Miss Edith, eldest daughter of Prof. Howe of Carson, has taken her place.—Genoa Courier.

It was rumored a few days ago that the time tables on the V. & T. would soon be changed on account of changes on the overland, and that the passenger train from Virginia would not reach Carson until 11 P. M.

Archie Allen, while walking beside the illuminating wagon on Thursday night, had a \$30 overcoat spoiled by the powder from Roman candles. He claims to have had the coat 25 years, and would not have had it spoiled for anything.

Bitwell, of California, has been put up as head of the American ticket, and is now talking to the people. He hasn't a word to say about the American party, but talks solely on his one hobby, Prohibition, which seems quite played out in California.

The people of Carlin, are badly frightened, as they have cause to be, over the outbreak of diphtheria from which several deaths have resulted. It attacks adults as well as children. The school has been closed and the town is saturated with disinfectants.

Has the advance in silver increased the wages of the miners anywhere in the State of Nevada?—Elko Independent.

Yes; in this county the wages of miners have been raised from \$3 to \$3.50 per day. Over 400 miners in Little Esmeralda are benefited about \$15 per month.—Walker Lake Bulletin.

It is rumored that the Santa Rosa, Cal., wooden mill, which has been long idle, will soon start again. The owners are Democrats, but apparently they see some good in the McKinley bill. If all the Democrats who are profiting by Republican legislation could be stood up in a row what an array of honest workers and political hypocrites they would make!

Says the Oakland Times (Democratic). "Even the dead will have a hard time under the provisions of the McKinley bill. Coffins have advanced 20 per cent, and the increase tax on marble and granite will send up the prices of tombstones." It is not strange that a Democratic editor thinks of death as election day draws near; but it would be wiser for him to turn his thoughts towards repentance than to worry about the cost of his coffin and tombstone.—Grass Valley Tidings.

The Republican party presents candidates of acknowledged competency, high integrity, sterling worth and the courage of strong and unmistakable political convictions. Every one of the nominees should be elected. It is not a year for scratching Republican tickets; there is no need for it. They are men standing on the highest character levels in their respective communities, and having the endorsement which is more emphatic and valuable than any other that can be given—that of their contemporaries.—Elko Free Press.

THE PRIZE BULL.

It is Won by Mr. Will Mackey.

On returning home yesterday the editor of the APPEAL found the town generally torn up over the mixed result of the voting for the Prize Holstein Bull.

When the votes were counted on the evening of the 31st, Mackey was ahead, after which 200 votes came in for Winters and were counted.

The votes for Winters were ordered by his friends in a lump, and as they were willing to accept them already cut and printed on a job press, the printers in charge of the job office ran them off, charging at the same rate that they would have charged for extra copies of the paper.

In the absence of the editor of the paper, those in charge of the office counted the votes and decided Winters the winner.

Representatives of Mr. Mackey called at the office yesterday morning and asked for a recount, on the grounds that the ballots did not fulfill the conditions named by the APPEAL.

First—That they did not reach the counters until after the 31st of October.

Second—That they were not cut from copies of the APPEAL.

Both these objections the editor of the APPEAL considers as well taken, and throws out these 200 ballots, which gives the bull to Mr. Mackey.

The APPEAL regrets that in a Republican county, where there is 200 majority, that Republicans did not take sufficient interest in the voting to see that one of their own party won.

They saw the vote of the Democrats crawling up day after day for weeks, and no effort whatever to pull for the Republican nominees.

The APPEAL has nothing to do in the matter but to see that there was a fair count.

A Failure.

Halloween was a failure in Carson this year, as nearly everybody in town went to Reno on the special. A dozen or so gates were spirited away, a few cords of wood shifted, and a wagon or two rolled off, but it was nothing like the Halloween of former years.

The Empire Rally.

There was a big Republican rally in Empire last evening, and the town was well "rouled up." Empire will give the biggest majority for the ticket she has ever given next Tuesday.

Notice to Electors.

At a meeting of the Board of County Commissioners of Ormsby County, held Oct. 13, 1894, the following order was duly made and entered:

He Raised Wages.

A. C. May, Democratic nominee for State Controller, was in Austin for two or three days last week, and while here, was interviewed by one of our business men, relative to Mr. Colcord cutting down wages of miners at his works in Esmeralda county. Mr. May stated that he was willing to give the devil his due and in place of him (Mr. Colcord) cutting down wages, he raised them from three dollars to three and a half a day. He also stated that it made no difference where you found Mr. Colcord, you always found him a gentleman, and a nicer man he never met.—Reveille.

The Brigands.

In the 3rd act of the Brigands to be given by the Carleton Opera Company at the Opera House on Wednesday evening a special feature will be introduced—Miss Jeannie Winston will sing (by special request) the ballad "My love is like the red red rose" and others of her famous songs. The singing by Miss Winston of these songs during the recent engagement of the Carleton Opera Co. at San Francisco created a sensation, and gave her the well earned title of "Queen of Ballad singers."

At Buffalo, N. Y., yesterday, a woman hurled two girls over a precipice and one was killed. She then jumped into the river, but was rescued. She is supposed to be insane.

WHAT ON EARTH—is the reason people will not, cannot, or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing.—W.
